Telephone No 16.

The British Medical Association appointed a committee to make enquiries, in order to ascertain the average age of the different categories of drinkers, that is to say, those who refrain completely from alcoholic drink, those who indulge more or less in moderation, and those who drink to excess. This committee has handed in its report. Its conclusions are drawn from 4234 deaths, which are divided into five categories of individuals, with the average of age attained by each:—

Total Abstainers,	51 yrs. 22 days.
Careless drinkers,	59 " 67 "
Free drinkers,	57 " 59 "
Habitually temperate drinkers,	53 " 13 "
Decidedly intemperate drinkers,	53 " 3 "

O. FIELD.

LOCAL AND GENERAL NEWS.

Mr. O. B. Fysh, auctioneer, will sell by public auction at the residence of Mrs. Lewis Abbey, on Thursday, Oct. 26th, her entire household effects. As it is Mrs. Abbey's intention of leaving for the east at once, the goods will be sold without reserve. Terms of sale, cash.

Mr. Scotty Westwood, who has for sometime been dealing in cattle for Mr. D. McLean in the vicinity of Saskatoon, returned to town on Wednesday. During his absence he disposed of seventy head of horses from Mr. McLean's band, and purchased one hundred and sixty head of cattle, which he brought with him as far as Mr. McLean's ranch, where they will be wintered.

Geese in the Buffalo Lake district still continue to fall victims to the man in the hole in the ground, and are brought to town in large numbers. Mr. T. C. Johnstone, of Regina, while awaiting a delayed train, drove out a short distance and returned with a half dozen. Death seems an attraction to these feathered emigrants, as hunters report them just as thick as ever and the number killed must have been enormous.

A change has been made in the matter of fixing Thanksgiving day this year. Heretofore the second Thursday in November has been Thanksgiving day in Canada, while the fourth Thursday of the same month has been Thanksgiving day in the United States. This year the Canadian holiday is fixed for the fourth Thursday of November—the 23rd—and the people of both countries will eat turkey synchronically.

Reckless competition has within the past two years destroyed the paying power of some of the largest railway corporations in the United States. The Union Pacific is the last victim. For months the directors strove to avert the crisis, but of late the income of this road fell so far short of running expenses it was finally forced into the hands of a receiver, as announced by a dispatch to an Exchange.

Mr. E. Hodder, of Calgary, who has been spending a few weeks with Mr. A. Hitchcock and others in the Buffalo Lake District, camping and hunting, left for his home on Tuesday evening. He was highly delighted with the luxurious amount of game he had bagged during his visit. The party so far have captured over three hundred geese.

On Monday last Mr. Frank Statham who has been spending his summer months in the vicinity of Wood Mountain, returned to town bringing with him a beautiful swan. Mr. Robt. Gass forwarded the bird to Winnipeg to have it set up. It is Mr. Gass' intention to take it with him to his home in Shubenacadie, N.S. The bird measured 7 1/2 feet from tip to tip of wings and will speak well for this country in the lower province.

Relief in Six Hours.—Distressing Kidney and Bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by W. W. Bole.

Rube Allen, the humorist, who has many friends in the Territories was united in marriage in New York city on Monday, to Miss Louise C. Ise, daughter of the late Judge Ise, of Newark, N. J. The ceremony was performed in the "Little Church Around the Corner," in which many of the noted men and women of the stage have been joined together. A number of the professional friends of the humorist and relatives and friends of the bride gave the happy couple a hearty send off. After the ceremony the wedding party dined at Delmonico's sweet

restaurant, the young couple shortly after taking the train for Boston, Chicago and Winnipeg.

When the gates of the World's Fair closes on the night of Oct. 31st, Treasurer Seeberger will have a surplus of at least \$2,000,000 in bank, and probably much more. This represents almost 40 per cent. of that part of the capital stock of the exposition furnished by the popular subscriptions of citizens. How much of the \$2,000,000 or more, if any will be distributed among the shareholders, is a question that is now being discussed by the officials.

Wine improves with age, and the Canadian Grocer and General Store-keeper gets better as each year rolls by. This is evidenced by the Fall Number just issued. Special numbers of the Grocer have been issued before, but the present issue surpasses them all, take it in what particular you choose.

The cover is unique and striking. The reading matter contributed by special and expert writers, deals with a variety of subjects germane to the grocery and general store trade, and is liberally illustrated. The markets are full and concisely written, conveying information regarding everything carried in a grocery stock. The advertisements are many and well displayed, and a perusal of them will give the merchant an idea where to buy best, an idea how to advertise, for good advertising is one of the essentials to success. The number contains 94 pages, and the publishers, the J. B. McLean Publishing Co., Ltd., 10 Front Street, east, Toronto, are to be congratulated upon their effort. The subscription price is \$2 per year, which any grocer or general merchant can better afford to pay than he can afford to be without his paper.

HON. MR. FOSTER TO VISIT REGINA.

On Monday morning a meeting of citizens took place in Dr. Willoughby's office, the Mayor in the chair. Mr. Davin having read the Hon. Mr. Foster's letter saying he would be here on Friday and a telegram received that morning saying he could not be here until Saturday, a discussion took place and it was resolved and carried that Mr. Jelly, M.L.A., should notify the leading farmers to be here on Saturday evening.—Regina Leader.

Mr. Van Horne in England.

MONTREAL, Oct. 16.—The Stars' London cable says: Mr. W. C. Van Horne arrived in the city this morning, after spending Sunday at Lord Mount Stephen's place, Bracket Court, Hartfordshire. He says, however, that he really comes on no special mission, but to consult friends on many railway questions and for relaxation among the art studios. Van Horne says the success of the Australian line has emphasized the necessity of an improved Atlantic link.

After Effects of La Grippe.

PARRY SOUND, Oct. 16.—In the year 1891, Miss Ida I. Hicock, of this place, suffered from a severe attack of "La Grippe." Her life was saved but as it is too often the case, the victim of this dread disease did not escape scot free. Ever since her illness Miss Hicock has suffered from nervous prostration and insomnia. Nothing in the way of medicine did her any good until she recently began to use Dodd's Kidney Pills. She has just finished the second box of the pills, and the result has been a delightful surprise to herself and her friends. She is rapidly recovering and no longer suffers from insomnia, but enjoys a refreshing sleep. Here is another case in which an unsuspected kidney affection entailed much suffering and many months of misery.

Many other people are doubtless unconscious sufferers from kidney trouble. Fortunately this remedy is within easy reach of them if they will avail themselves of it.

SARA LORD BAILEY AT WINNIPEG.

The Free Press of Tuesday, Oct. 17, contains the following article:—

SARA LORD BAILEY.

Grace Church Young People's Association scored a decided success in the concert given under their auspices yesterday evening, a success which will probably mark an objective point in regard to talent and attendance which will not be its good fortune to again achieve for some time unless they make last night's effort the standard for the future.

The greatest interest, of course, was centered in the appearance of this lady Miss Sara Lord Bailey, who comes to Winnipeg preceded by many good reports. Miss Bailey is undoubtedly a lady who ranks high in her profession, and won immediate favor with her audience. As an elocutionist her capabilities are of wide and expressive range, while her grace of posture suggests a thorough training in Delsarte. "Life for Life" and the "Chariot Race," the two heavier pieces in her repertory, were delivered with much of the fire and strength their strong situations demand, while in lighter vein she was equally proficient.

CARMEL CHIRPINGS.

The hum of the thrasher is heard in all directions, and most of the threshing is now completed. The crops did not reach the expectations of this community, in many cases not averaging eighteen bushels to the acre.

Rev. Mr. Abbott is holding a series of revival services in the school house this week.

Mr. Peter Hudson undertook to ride a broncho. After the animal had discovered the weight it was carrying, it immediately performed the acts of a spirited broncho and Peter was soon clinging to the prairie grass instead of the reins.

Mrs. D. Gamble, who has of late been visiting her brother Mr. William Powell, left for her home in Morton, Ont., accompanied by her daughter, Miss Bella Gamble and her sister Miss Powell. During their short stay in this district they have made many friends and Miss Powell will be greatly missed by the young folks of the church.

CARON.

Mr. James Thomson has moved some of his stock from Moose Jaw, and intends wintering them with Mr. Chas. Young, at Mr. Young's ranch.

Mr. Richard Wilson is laid up with a lame shoulder, caused by being thrown from a broncho. Constable McIntosh has been indisposed for a few days with a sprained foot from the same cause.

Mrs. M. E. Neugent and Miss Mina Lewis who have been visiting Mr. and Mrs. A. H. Powell, have returned to their home in London, Ont.

Mrs. Powell has returned from a flying visit to Calgary and Banff.

Nearly all the farmers are finished threshing and the result is not as good as expected, but where the grain was grown on summer follow there has been a fair yield.

Messrs. Wilson, Campbell and Carlo have laid away their thrasher for this season.

Mr. Asahel Huribart has been visiting his brother Horace out at his ranch.

Cons.

Rheumatism Cured in a Day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly lessens it. 75 cents. Sold by W. W. Bole, Druggist.

"Not clinging to some ancient law,
Not mastered by some modern term,
Not swift nor slow to change, but firm."

FRIDAY, OCT. 20, 1903.

ENGLAND'S MOST TERRIBLE STRIKE.

The Montreal Star last week received the following graphic despatch from London, England:—"Coal is \$11 a ton in London, and is expected by the end of the week it will reach \$12 or even more. Taking all the stores of the metropolis into account, it is said there is less than one full day's supply on hand, and even if all the Midland mines, which it is hoped will reopen to-day, should do so, transit will be so slow that the scarcity will last for another month. It is estimated that at least 1,500,000 wage-earners are now affected, and about 50 per cent. of this number are wholly out of work. So colossal has the calamity grown that figures lose their ordinary meaning to the mind. In the little town of Castleford alone there are 10,000 people without the money for a meal among them, and the charities thus far organized only go the length of providing them with soup and bread every other day, though 600 board school children are getting breakfast daily at Nortonton. But dreadful as the distress among the lockout and striking colliers is, the latter are far overshadowed in numbers by the operatives in other industries now thrown out of work by the closing of mills, furnaces, factories and railway shops. General paralysis of manufacturing is costing the country more millions weekly than any one dares to think of. It is a commonplace to say that nothing like such misery and disaster has ever been known before in England. There is no parallel for it anywhere save perhaps, in some peculiarly savage and widespread phase of devastation by war. Just as in America six weeks ago it became clear that Congress has got to do something to extricate the country from an impossible currency position, so here it is seen now that Parliament cannot be allowed to permit this wanton and wicked outrage on the whole community to be wrought again. The air is alive with projects for government interference.

NOTES AND COMMENTS.

Two thousand six hundred dollars has been subscribed towards the erection of an hospital at Golden, B.C.

The Canadian Pacific has been awarded a World's Fair medal for its standard Passenger train on exhibition at Chicago.

According to the Regina Leader it is not literature but wives that the people of the North-West want. The Leader editor being a confirmed old bachelor should know. However, he probably only speaks for Regina.—Brockville Recorder.

The Canadian exhibitors at the Chicago World's Fair of Leicester and Lincoln sheep captured nearly every prize in the classes for those breeds in which they were entered. Canada is doing herself honor, and is opening the eyes of the people of the United States as well as of the visitors from the older, adjacent

Some people suppose that divorces are very numerous in the United States, but during the past twenty years there were only sixteen thousand four hundred a year on an average and this is only one per cent. of the marriages. What other human institution shows such a small percentage of failures as this?

The announcement that the Sault Canal will be ready for use on the opening of navigation next spring, will be pleasing news to all Canadians, especially western shippers. Canada will then have an independent waterway from Fort William to tide water, and without doubt the most extensive canal system in the world.

Money is so scarce and the price of produce so low in the Territories of Oregon and Washington that the farmers have petitioned the wholesale merchants to give the retail dealers until January 1st to settle their indebtedness, in hope that wheat will by that time bring more than the cost of production and thus give the farmers something to live on for the next year.

The live stock inspector appointed by the Dominion government have decided that from now until the end of the season they will not grant certificates to carry cattle on steamers under 1,500 tons not registered unless they have permanent fittings and all decks are securely covered over. This is to prevent loss of cattle.

An advertiser in the Winnipeg Free Press heads his advertisement with the royal coat of arms and intimates that he has just received "a warrant of appointment as purveyor of whiskey to Her Majesty the Queen." The Queen, perhaps, has no objection to letting her subjects know that she is not averse to taking an occasional "nip"; but it may appear rather shocking to her more sedate subjects who never look upon the wine when it is red.

Friday morning a partridge dashed up against one of the windows of the despatcher's office at the Northern Pacific station, smashing the pane of glass over the heads of the telegraph operators and falling dead on the floor. There are several theories to account for this odd incident. That which is most readily accepted is that the partridge, chagrined at the failure of the boys in the office to bring home any game in their numerous shooting expeditions down the line, had determined to help them out by falling dead in a place where they could not fail to secure it.—Free Press.

The past month the Illinois papers reported the case of a careless farmer in Coles county who founded many of his cattle by feeding them wheat recklessly. He had a herd of about two hundred head, and put on cracked wheat for the whole lot. The bigger animals were selfish and crowded out the weaker ones, eating the wheat and killing themselves. The lesson to the owner was costly but not unmerited. If he had been a reader of any agricultural publication he would know that it is not safe to feed wheat in any such way. Any animal can be dangerously overfed with wheat.

St. John, N. B. Telegraph says:—There is evidence that the people of Canada are becoming increasingly temperate in their use of or abstention from intoxicating beverage. Twenty-four years ago the amount of spirits consumed in the Dominion averaged over one and a half gallons per head. In the same period the consumption of wine per head has also somewhat decreased. There has been an increase in beer drinking, counterbalancing to some extent these changes, the increased consumption being from 2.26 to 3.57 gallons per head. In brief, the average reduction of over a gallon per head in spirits is offset by the increase of a gallon and a quarter of beer. The change is favorable.

Speaking of women as educators the Toronto World aptly says:—"The woman of the present period when she leaves the University knows more than her fellow man graduate, but

is ever so clever. She can converse with you in two or three languages (having a natural gift for speech of any kind or in any tongue) or perhaps occasionally give you hints on philosophy and ethics, or even mathematics or astronomy. While at the University she does not idle away her time; does not play foot ball (either rugby or association), lacrosse or cricket; nor frequent the south side of King street every afternoon nor disport as one of the "gods" at the theatres every night. She goes to the University to work and does her work well. This is the record which she bears at present. As a consequence she is sought after as a teacher of youth, being careful, conscientious and having a natural gift for imparting knowledge."

They had a great day at the opening ceremonies for the session at Cornell University, Ithaca, N.Y., on Saturday. Mr. Clarence Depp, whose eloquence is almost worth a week's wages to the employees of his railway, was the orator on the occasion, and the poet of the place rose to the following heights:

Far above Cayuga's waters
With its waves of blue
Stands our noble Alma Mater,
Glorious to view.

And the critics and the critics will tell us, after this, that the great poets have passed away and there is no one to succeed Tennyson. What is the matter with the gentleman from Cayuga's waters?

W. C. T. U. COLUMN.

Extracts From the Lectures of John B. Gough to Young Men.

Young men, over forty years ago I began to speak on the subject of temperance. I was a young man then; I had forty years of life before me. Now those forty years are behind me, and there is not one word I have spoken, not a whisper I have uttered, there is not a line I have written, there is not a mark I have made, that I can change to save my soul. It is my record, and you are making your record. Some of you turned over a clean, clear page this morning; look at it now. Are there no blot on it, no marks on it, no stains on it? To-night as you look at your record, you hurriedly close it up. Oh, my friend, you cannot close it. You can never remove one single stain from your record. It is there, Sixty years of life. It is an awful thing to live—no good done; a mere life of self-indulgence and sin, leaving the very drags to be drunk at last, and those drags bitter beyond description. Young men we need you in the strength of your manhood to declare war against this fearful evil. We want you all; we want all classes to help us. There is a time coming, and coming to us all, when duty is plain. Perhaps some of you will feel it your duty now to join in this work and help us. Duty first. Put your hand in the hand of duty and let her lead you, whether through storm or sunshine, light or darkness, life or death. Do your duty.

In your young manhood you are a hero-worshiper; but the heroes who are the noblest are not always martial or political. It is the quiet endurance the quiet suffering and the quiet struggling for the benefit of others and for the country we live in that constitutes the noblest heroism and greatness. He who ranks himself on the side of right is the hero.

Young men life is opening to you; to us it is closing. Oh, to be a young man again, with all the energies, with the fullness of life, the young blood coursing in the veins, with the emotion and ambition that you possess to-day, and which I have possessed. There is not a young man who is not looking forward into the future, trusting that he will occupy a higher and grander position than is yours to-day. A man I knew well, who was governor of his state and representative in Congress for two sessions, did not suppose that he would ever become the poor miserable drunken loafer he did.

There was a man whom I knew, a graduate of Harvard University, who became utterly degraded and ruined by drink, I found him in California, (or rather he found me, and a more terrible blasphemer I never knew. He was a drunkard, almost a beast, if you can

call a human being a beast; he was awfully brutalized. Men gave him work occasionally at driving a coach, but only at odd times, and for short distances, for they could not trust him on a long road. He was a man of wonderful genius. You know in California, coaches are driven down very steep mountains, and to insure safety, they have a very strong brake, operated and controlled by the foot, and with this brake the coach is controlled and kept steady. The man of whom I have spoken was visited on his death-bed by his sister, who said to him, "George, why don't you keep your foot still? What is the matter with you?" Oh! I said, "I'm on an awful down grade and cannot find the brake." Young men, your foot is on the brake to-day, keep it there; you may make your future just what you choose to make. How many young men are going to work?

Young men, will be young men, they must sow their wild oats. Then, they will reap them. "What so ever a man sows, that shall he also reap."

Young men you have an influence to exert, perhaps you say, "I cannot talk upon this subject, I am engaged largely in my own business, and can't employ my time in this matter." We should all exert our influence for good, whenever we have opportunity. And there is not a young man but may lead another into the path of truth or safety, or send him forth as a minister of mercy to others, and by and by the triumph of this, and of all great moral enterprises shall usher in the day of final triumph of the cross of Christ; I believe it and for that I work, and when I die, I pray God I may die in the harness, battling for this, with the hope that there is a better day coming, and a prayer "God speed the right."

MRS. RICHARDS,
Pres. W.C.T.U.

It is on human and horses and all animals cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by W. W. Lohr.

Returnings.

Though dark and far the sun at night
And chilly stars the lonely light,
How swift the breaking beams arise
With gorgeous hues to deck the skies!

The fairest flowers that glad the eye
Beneath the darts of winter die,
Fennel the kindly kiss of spring
Their maiden blushes back they bring.

The birds whose rapid-beating wing
Sought more congenial clime to sing,
Again o'er profound meadows fleet
To fill the air with warbling sweet.

Though the frail barque with sails out-
spread
Bath with the lovely lover sped;
Thy sighs like wintry shall flow
When vernal morn shall bring him home.

SALMAGUNDI.

To point a moral and adorn a tale!
—JOHN RUSKIN

An exchange says that when the Northern Pacific train left Winnipeg Junction Saturday night there was on board a newly married couple in the sleeper whose cooings attracted attention. Finally the lady said: "I am going to get a drink of water. When I come back stick your foot out of the berth so I won't make a mistake." When she turned to come back every foot in the car was exposed. There are some mighty mean men in this country.

Wills of millionaires remind us
If in our graves we'd be content,
We should, dying leave behind us
Not so much as one blamed cent.

"They say that fortunes are swept away in a breath nowadays," said Mrs. Harris, and Mrs. Sozzle snidely replied: "If you had ever smelt the colonel's breath, mum, you would believe it."

Crabbed old maid (sarcenically)—I don't suppose there is another baby like that in the world. Young mother—Oh, yes, there is, I left the other one of the twins at home with mother.

Yellowy—Edison thinks the future man may be able to go without sleep. Bromley (who is having an experience with his first baby)—The future man! Bless you, the present man does now.

Here's a story almost too good not to be true. At any rate, it is true: During a recent sitting of the assizes, at an up country town in Australia, the last case had been reached in due course, and the judge hoped to finish it in time to leave the town by the usual daily coach, which started at 5 o'clock. Happily the case came to an end about 3.30, and after his honor had delivered a vigorous charge dead against the prisoner, the jury retired to consider their verdict. After about half an hour or so they returned, and the foreman imparted the information that there was no chance of an agreement. The judge took it by no means mildly. "The case was as clear as a case as ever went to a jury." In a word he recharged them violently against the prisoner. They again retired, and after some twenty minutes they returned. They couldn't agree. His honor fumed. "What was the difficulty? They had heard the evidence. Wasn't the case as clear as mud?" An evidently large majority of the good men and true chorused a "Yes, yer honor." "We're eleven to one," said the foreman. "Why it speaks for itself. There must be a very obstinate man among you. What's the difficulty?" asked the judge. Eleven pairs of reproachful eyes centred themselves on a very uncomfortable juryman. "May I explain, yer honor," said he at last in a deprecating tone of confidence. "Yes certainly of course explain. It's as clear as a case as ever I tried." "Well, the fact is, yer honor, them other eleven wants to find him 'not guilty,' and I'm the only one that agrees with yer honor." Complete collapse of learned judge.

The following is told of a New York judge before whom a man was being tried for stealing the gold watch of a

woman as she was taking a street car. The neatness of the examination will remind the reader of Oriental stories. The man declared that the watch was his, and the woman was mistaken in identifying it as hers. Suddenly the judge asked, "Where's the key?" The prisoner fumbled in his pockets and said he must have left it at home. The judge asked him if he had wound the watch frequently with the key, and he said "yes." The key was procured, watch and key handed to the prisoner, and he was told to wind the watch. He opened the case but could not find any place to use the key, because the watch was a stem-winder. The sentence was five years and a half.

Notwithstanding recent censures, the American newspaper has received a compliment unique even for an Irishman. A son of the old sod, who like the sod was old himself, became homesick (as one might perhaps be excused for doing in Prescott) and desired as the song says to "come back to Erin." So he girded up his loins and went, as he said for good. Imagine therefore the surprise of his friends on this side when a short time after he turned up again. His lamentation and explanation was that in the smaller places over there he missed the newspapers. And he thought the green isle was green in more particulars than one. Here the newspaper is an "institution." At its shrine even an Irishman has sacrificed his patriotism; and paid it a compliment which, even for an Irishman, is unique.

An English gentleman who knows, I presume, what he was talking about, recently remarked in conversation that about one hundred thousand British tourists annually visit the continent. On an average they send not less than £50 apiece. A little mental arithmetic will soon show that this amounts to a total expenditure of about \$25,000,000 in our currency. Now this money is expended among foreigners, and in is rivalled by a certain colony of Britain's. Our Rockies, our National Park, our lakes and rivers, and above all our prairies, win the most enthusiastic praise from all European travelers. They find in our scenery, among the other charms, the charm of novelty. And to it all is added the benefit of an ocean voyage. The British tourist by bending his steps in this direction would therefore derive great pleasure himself, materially assist this colony, and at the same time keep this very large expenditure among his own people. Canadians do not require to be at all boastful or to "boom" their country; but it is right that they should quietly insist upon her merits.

Rheumatism Cured in a Day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. She first dose greatly benefits. 75 cents. Told by W. W. Bole, Druggist.

THE GREAT SOUTH AMERICAN NERVINE TONIC

STOMACH AND LIVER CURE

The Wonderful HEALTH BUILDER & NERVE FOOD

Chronic Diseases are caused by Damaged Nerve Centres at base of the Brain.

LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacturer of SOUTH AMERICAN NERVINE has studied this subject closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases, are due to the imperfect action of nerve centres, either within or at the base of the brain and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part, it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVINE is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and Will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases, is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Ninety-nine out of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVINE is a great nerve food and nerve builder and this accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuralgia, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Despondency, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

A SWORN CURE FOR ST. VITUS'S DANCE.

CRAWFORDVILLE, Indiana.
My daughter, twelve years old, had been afflicted for several months with St. Vitus's Dance. She was restless to a degree, could not walk, could not talk, could not read, and was unable to do anything but lie in bed. Her friends and neighbors gave her up. I commenced giving her the SOUTH AMERICAN NERVINE Tonic, and the effects were very surprising. In three days she was rid of the nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVINE the greatest remedy ever discovered, and would recommend it to everyone.
W. T. BEMMER, State of Indiana, Montgomery County, 1/1/93.

Subscribed and sworn to before me this May 19, 1897.
CHAS. M. TRAVIS, Notary Public.

A WONDERFUL CURE FOR INDIGESTION AND DYSPEPSIA.

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach, Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick-Headache, Hiccough, Water Brash, Heartburn, Vertigo and Dizziness, Sleeplessness, Frightful Dreams, etc.
The Stomach suffers more than any of the other organs from disease, because into it are taken so many indigestible and irritating substances as articles of food. In its great effort to digest these, it soon becomes weakened and diseased. Under such circumstances, it is not wonderful, that so many complain of indigestion and weak stomachs. When the Stomach fails to digest and assimilate the food, the whole body falls into a state of weakness and decay, for Nature has decreed that the body must constantly receive nutriment through the Stomach, to repair the waste of tissue constantly going on in the system.

The South American Nervine
Is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It gives marked relief in one day, and very soon effects a permanent cure. The first bottle will convince anyone that a cure is certain.

WHAT EX-MEMBER OF PARLIAMENT, REUBEN E. TRUAX, SAYS.

I have been for about ten years very much troubled with indigestion and dyspepsia, have tried a great many different kinds of patent medicines, and have been treated by a number of physicians and found no benefit from them. I was recommended to try SOUTH AMERICAN NERVINE. I obtained a bottle, and I must say I have found very great relief, and have since taken two more bottles, and now feel that I am entirely free from indigestion, and would strongly recommend all my fellow sufferers from the disease, to give SOUTH AMERICAN NERVINE an immediate trial.

It will cure you.

July 16th, 1893.

Walkerton, Ontario.

In Bed Six Years

FROM NERVOUS PROSTRATION.

Price, One Dollar

HARTFORD CITY, Blackford Co., Indiana, June 8, '93.

South American Nervine Company.

GENTLEMEN: I received a letter from you May 27,

stating that you had heard of my wonderful recovery

from a spell of sickness of six years duration, through

the use of SOUTH AMERICAN NERVINE, and asking

for my statement. I will gladly state how I was afflicted,

and how I was delivered from my pain and suffering.

I was near thirty-five years old, when I took down

with nervous prostration. Our family physician treated

me, but without benefiting me in the least. My nervous

system seemed to be entirely shattered, and I constantly

had very severe shaking spells. In addition to this I

would have vomiting spells, and there would be from eighteen to twenty days at a time

that I could not eat anything on my stomach. Many consultations were held by

physicians over my case, but they all agreed that I would never leave my bed. During

the years I lay sick, my folks had an eminent physician from Dayton, Ohio, and two from

Columbus, Ohio, to come and examine me. They all said I could not live. I got to having

spells like spasms, and would lie cold and stiff for a time after each. At last I lost the

use of my body—could not rise from my bed or walk a step, and had to be lifted like a

child; all the time suffering intense pain, and taking almost every known medicine. Part

of the time I could read a little, and one day saw an advertisement of your medicine and

concluded to try one bottle. By the time I had taken one and one-half bottles I could rise

up and take a step or two by being helped, and after I had taken five bottles, in all I

felt real well. The shaking went away gradually, and I could eat and sleep good, and my

friends could scarcely believe it was I. I am sure this medicine is the best in the world.

It was a god-send to me, and I believe it saved my life. I give my name and address,

so that if anyone doubts my statement they can write me, or our postmaster or any citizen,

as all are acquainted with my case. I am now forty-one years of age, and expect to live as

long as the Lord has use for me and do all the good I can in helping the suffering.

MISS ELLEN STOLTZ.

A MINISTER OF THE GOSPEL SPEAKS.

PETERBORO, Ontario, June 27, 1893.

To the Proprietor of South American Nervine.

DEAR SIR:—I have much pleasure in recommending the great

SOUTH AMERICAN NERVINE to all who are afflicted as I have been,

with nervous prostration and indigestion. I found very great relief

from the very first bottle, which was strongly recommended to me by

my daughter. I also induced my wife to use it, who, I must say, was

completely run down and was suffering very much from general

debility. She found great relief from SOUTH AMERICAN NERVINE,

and also cheerfully recommends it to her fellow sufferers.

(My Signature), Rev W. S. Barker

Sick Headache.

Is dependent on deranged nerve centres and indigestion. Hence its cure

must come through building up the Nervous System and curing the Stomach.

SOUTH AMERICAN NERVINE will absolutely cure this dreaded malady and

prevent its return.

LOCAL AND GENERAL NEWS.

Oysters for sale at T. Healey's. Miss Lamb left for her home in Winnipeg on Sunday last.

Mr. Thos. Jones spent Sunday with friends in Mooseman.

Mr. James Somerville returned to town on Tuesday evening.

Mr. Joseph Cook, of Chaplin, spent Wednesday in town.

The kitchen of C. P. R. Dining Hall has been kept veneered.

Oysters in bulk at R. C. Macdonald's.

Mr. W. Bailey, spent Sunday in Regina visiting friends.

Mr. J. E. Annable returned from his trip to the World's Fair on Saturday last.

M. J. MacLeod, the young merchant, is offering big inducements to cash purchasers.

Mr. R. L. Slater, merchant tailor, has added to his staff Mr. A. Moore, of Beate City, Montana.

Messrs. J. T. Simpson and A. Wright left on a business trip to Estevan on Wednesday morning.

Mrs. Robt. Graham, of Indian Head spent Monday and Tuesday in town visiting friends.

Mr. James Brass has just finished the burning of another large kiln of brick.

Mr. D. S. McVannell has erected a stone foundation under his residence on River St. West.

Mr. W. D. Palmer, late of Moose Jaw, has opened out a fruit and confectionery depot on Broad St., Regina.

J. W. Gleason, travelling agent for the Karn Organ Co., of Woodstock, Ont., was in town on Wednesday.

Mrs. Savord, of Prince Albert, is at present the guest of Mrs. James Mair.

Miss Chricenden, of San Francisco, is at present the guest of Mrs. A. Smith, at the C. P. R. Dining Hall.

On Tuesday last Mr. Wm. Patterson shot a large antelope one mile west of town in the Thunder Creek ravine.

Mr. M. J. MacLeod's new store adds greatly to the appearance of the south end of Main Street.

The proposed changes in the through time card of the C. P. R. have been about decided on and will be made public in ten days' time. The change will probably be made on the first Sunday after Nov. 1st.

DR. PRICE'S Cream Baking Powder

The only Pure Cream of Tartar Powder.—No Ammonia, No Alum. Used in Millions of Homes—40 Years the Standard.

Read R. C. Macdonald's advertisement in another column.

Beautiful Indian summer weather this.

Large engines are being supplied for the Soo line.—Free Press.

Mr. T. W. Robinson returned last night from his trip to the World's Fair.

Mr. J. Hood is having the interior of his business stand plastered and the exterior painted.

Mr. T. W. Robinson's new business block is being rapidly pushed forward. When completed it will be second to none in the Territories of its stamp.

Mr. Wm. Holmes, rancher, spent Wednesday in town. He reports his band of horses in good condition for the approaching winter.

Mr. H. U. Robinson is making extensive improvements on the exterior of his residence. When completed it will add much to the beauty of Main St.

Mr. John Davies, of English Village, on Saturday last had the misfortune to blow off three fingers of the left hand by an accidental discharge of a shot gun.

On the first day of January next Calgary will put on her new garb and dignity. She will then occupy the position of being the premier city in the North-West Territories.

Notice has been given of an auction sale of the erection of two dams, one near the residence of Mr. John Smill, and the other near the residence of Mr. W. H. Richards.

English Spain Liniment removes all hard, soft or calloused lumps and blisters from horses. Blood Spavin, Curbs, Splints, Ringbone, Sweeney, Stiles, Sprains, Sore and Swollen Throat, Coughs, etc. Save \$50 by using one bottle. Sold by W. W. Bole.

The chief objection to taking a bridal tour in a balloon is that it increases the chances of the happy pair "falling out" before the honeymoon is over.

The C. P. R. are now running a special train daily into the ranching country south of Calgary hauling out the cattle purchased by Gordon & Ironsides for the English market.

Mr. W. A. Porter has purchased the flour and feed business of Mr. C. A. Gass, and has added to the stock on hand another car of the Western Milling Co.'s goods. He will carry on the business in Mr. Gass' block.

Another batch of foreigners of various nationalities arrived on Saturday from the Soe, where they have been working on the extension. They were forwarded to Winnipeg where they received their pay.

Mr. James Hood wishes to announce to the public of Moose Jaw that he has received his usual fall stock of material. Ordered boots and shoes a specialty. Repairing done at shortest notice. Prices moderate. 12a.

The Northern Pacific has ceased carrying passengers to Chicago and Milwaukee and hereafter passengers will be allowed to take any line they please from the Twin Cities to these two points.

The Canadian Pacific road has been negotiating with the Wisconsin Central for the privilege of running through trains from the west into Chicago over the Central's track from St. Paul. Receiver Whitecomb to-day decided not to make the arrangements.

A load comprising the following parties:—Messrs. John Munn, R. Doran, Wm. Huntington, R. L. Slater; Misses May McDougall, Maggie Cowan, Mary Martin and Carrie Wilson drove to the lake for a days outing, yesterday.

The Free Press of Friday last says The express from the west was not expected to arrive before 6 o'clock this morning, being eight hours late. It is reported that a very heavy train from the coast of World's Fair visitors going via the new Soo line, was the cause of the delay. Winnipeg is beginning to notice which way the World's Fair passengers travel.

Mr. R. Board's tender for the erection of the bridge over Thunder Creek, at the foot of River St. west, was accepted.

A party comprising of Messrs. R. W. Timmins, J. A. McDonald, C. D. J. Christie, Misses Tessie Davidson, Florence Payell, Edie Oline, Nellie McDonald and Mrs. J. E. Annable spent a few days hunting and camping at Buffalo lake this week.

The emigration returns for the past month shows a reduction of 452 in the number of colonists leaving for Canada. The total number of emigrants to leave for the Dominion in the expired 9 months of this year is 22,694, an increase of 2,291 over the same period last year.

The Canadian Pacific company's telegraph line between North Portal and Moose Jaw will be completed this week. Two wires have been strung, one for local business, and another heavy wire to be a direct connection with Minneapolis for public business.

Mr. Thos. Healey wishes to inform his many friends and patrons, that he has purchased the business lately run by himself for Mr. R. C. Macdonald, and that he will continue same in his own name. He will carry a full line of confectionery, fruits, oysters, etc.

THE TIMES is in receipt of the newly issued book, "Analytical Tariff Index," issued by the Department of the Controller of Customs of Canada, at Ottawa for which we extend our many thanks to Mr. N. Clarke Wallace.

The Canadian Pacific exhibit car is now making its way through some of the farming districts of Yorkshire. It has just concluded a six week's tour in agricultural Lancashire, and we gather from notices in the local press that wherever it goes its attractive contents draw the minds of the inhabitants to the fertility of the Canadian North-West.

Lieutenant-Governor Mackintosh is expected to leave Ottawa for Regina to-day. He will be sworn in by Hon. Justice Richardson who holds a Commission by which he is entitled to administer the gubernatorial oath of office.

The Soo Road has announced a sweeping reduction in Pacific coast passenger rates, to take effect to-day. The \$80 round trip rate to Puget Sound points is cut to \$50, and the San Francisco rate is cut to nearly half or \$65 for the round trip.

Wheat deliveries at C. P. R. points average about 100,000 bushels a day. Wheat in store last Saturday night at Fort William amounted to 824,397 bushels. Shipments from the elevators equaled 403,830 and receipts 413,573.

Mr. M. J. MacLeod has been appointed agent for the Singer Sewing Machine Co., for the Moose Jaw District. All business formerly transacted by their agents in this district has been handed over to Mr. MacLeod who will accept the amount of all notes as they fall due.

Our advertising merchants are enjoying a good cash trade these days and all because they call the attention of the public to their wares. The other class, those who do not believe in advertising have plenty of time to stand in front of their business places and witness dog-fights, while the industrious spider spinning his web across their doorway.

NOTICE.

THE following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the condition governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 100 feet in length, nor more than 600 feet in breadth. A location for mining Iron or Petroleum shall not exceed 100 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations on that behalf, and filing with the Agent of the Dominion Land for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local Agent what he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent therefor \$5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,

Deputy of the Minister of the Interior, Department of the Interior, Ottawa, July 1890. 3c.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba and the North-West Territories, except 8 and 26, which have been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is the head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for ones which have been exempted an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed at any time, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken the first year after entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year and 25 acres the third year.

3. The five years' system under which a settler may reside anywhere for the first two years (but must perfect his entry by commencing cultivation within six months after the date thereof,) breaking five acres the first year, cropping three acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, or any homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands his intention to do so. When, for convenience of the settler, application for patent is made before a homestead inspector, a fee of \$5 is chargeable.

COMPLETION OF HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of recommendation conferred by the Commissioner of Dominion Lands upon application for patent made by him, or held under title to his first homestead on, or prior to the second day of June, 1889.

INFORMATION.

Full information respecting the land, timber, coal or mineral laws, and copies of these Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

A. M. BURGESS,

Dep. Min. of the Interior. 3c.

NOTICE.

A special general meeting of the shareholders of the Moose Jaw Creamery Association (B.C.) will be held in the town hall on Saturday, Oct. 21st, at 3 o'clock p.m., for the purpose of considering the by-law for borrowing the sum of two hundred and fifty dollars on the credit of the Association.

By Order

J. H. Grayson, Secy.
